# Agenda

1. Oracle's Strategy for Student Systems
2. Campus Solutions 9.2
3. Options – Pathways to the Cloud
4. The Oracle Student Cloud
5. Additional Resources
6. Q&A

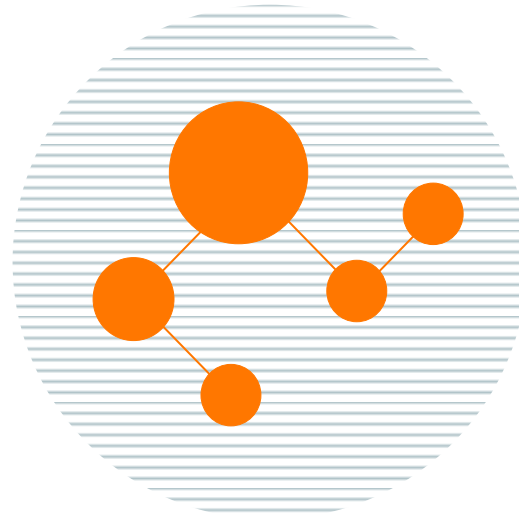

# Safe Harbor Statement

The following is intended to outline our general product direction. It is intended for information purposes only, and may not be incorporated into any contract. It is not a commitment to deliver any material, code, or functionality, and should not be relied upon in making purchasing decisions. The development, release, and timing of any features or functionality described for Oracle's products remains at the sole discretion of Oracle.

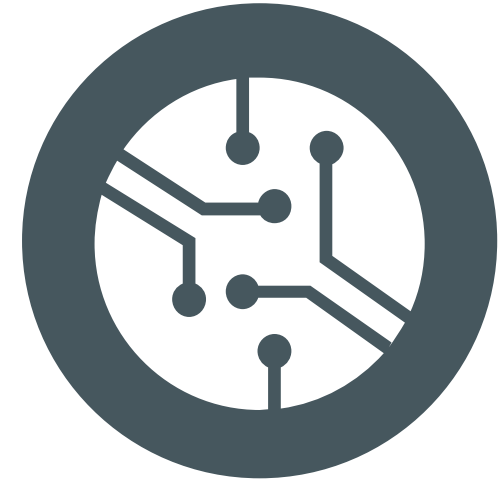

# Oracle's Modern Student Strategy

PEOPLESOFT  
CAMPUS SOLUTIONS

**ORACLE®**  
STUDENT CLOUD

# Campus Solutions 9.2

# Campus Solutions 9.2 Upgrade

## CS 9.0 to CS 9.2: A “low impact” upgrade

- CS 9.2 delivered with PeopleTools 8.54
- Tables and record structure generally unchanged
- No net new functionality; focus on adoption of existing functionality
- Reduced the required data conversion by more than 90%, compared to previous major upgrades (e.g. CS 8.9 to 9.0)
- No more HCM maintenance applied to CS after upgrade to CS 9.2
- Initial upgrade in U.S. English only; translations pending
- New Fluid UI pages delivered in PUM images *after* the initial upgrade

# Easier to Manage the Continuous Delivery Model

**PeopleSoft Selective Adoption enabled by the PeopleSoft Update Manager**

Innovative method for uptake of additional features

Select only the changes you want

Determine when you adopt changes

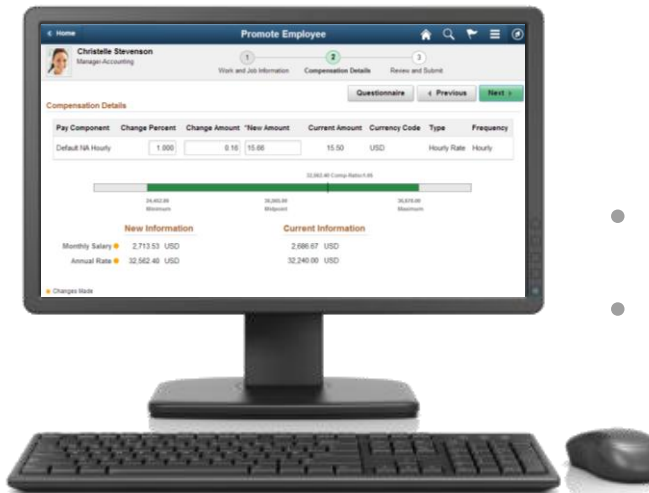

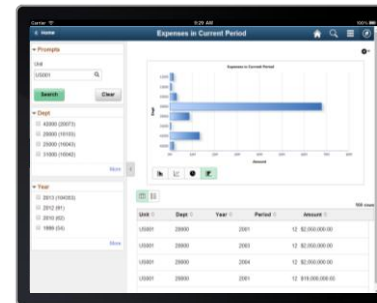

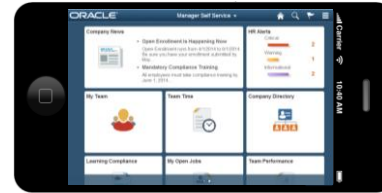

Retain strategic customizations

# User Experience, Mobility & Usability

## What We See Happening

- Pervasiveness of mobile devices
- Universal, 24x7 access
- Consumer-like experience; consistent across devices
- Responsive design paradigms
- Browser vs. native apps

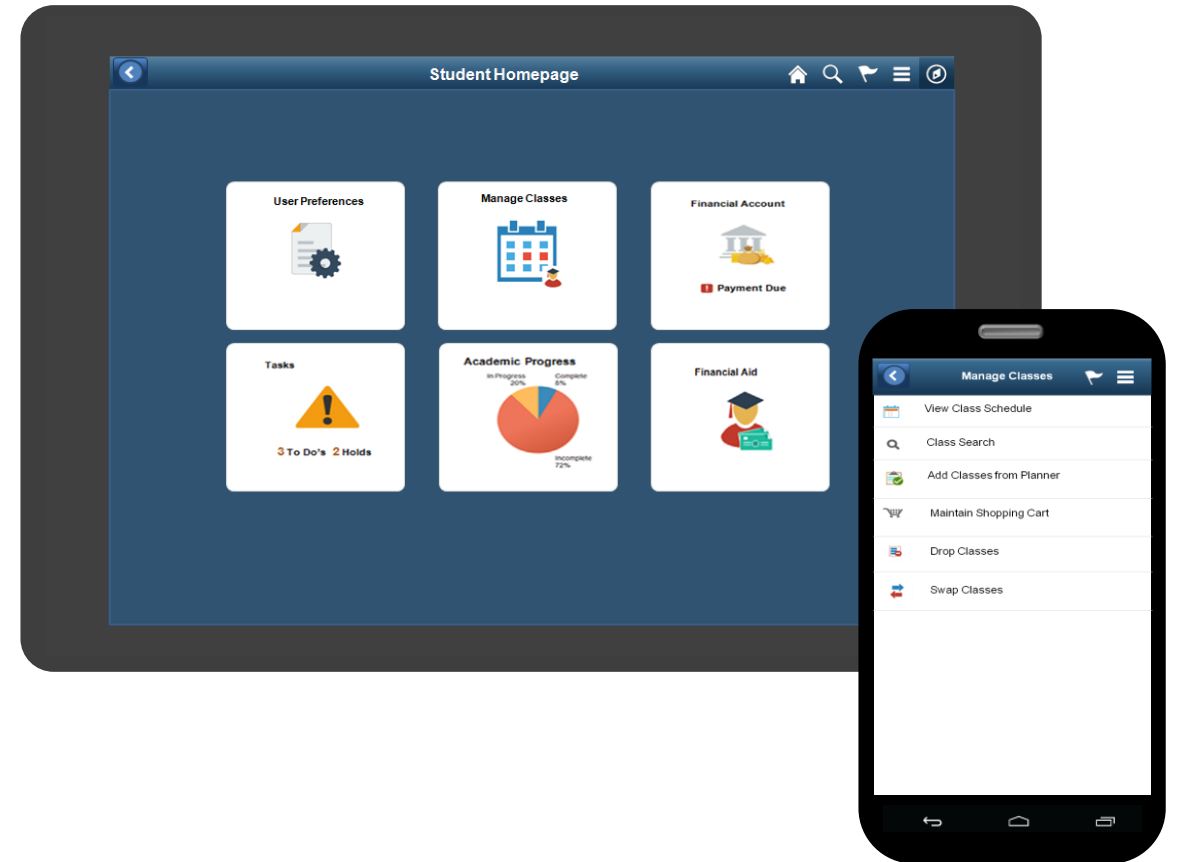

## What We've Delivered

- Evolutionary UI structures
  - Activity Guides
  - WorkCenters
  - Related Actions & Content
  - Conditional Navigation
  - Notification Framework
  - Pivot Grids
- Fluid User Interface
- Responsive design – not just scale to fit

# PeopleSoft Fluid User Interface

**An intuitive, simplified user experience on any device**

- Consistent and seamless user experience across platforms and devices
- Simple and intuitive to meet modern consumer expectations and reduce training costs
- Standard UI across PeopleSoft applications
- HTML5/CSS3 pages built with existing PeopleTools tool set
  - Initially released with Tools 8.54 and 9.2 applications
  - Significant enhancements with Tools 8.55
- Initial focus is on Student Self-Service pages

# Key Dates, Upgrade Requirements and Roadmap

# Campus Solutions 9.2 Upgrade

## “Baseline” requirements

- Minimum application prerequisites
  - CS 9.0 Bundle 34 (July 2014)
  - HCM Bundle 25 (April 2014)
- Minimum PeopleTools requirements
  - 8.53 (or higher) through June 2016
  - PeopleTools 8.54 (or higher) after July 2016 (see next slide for information on PeopleTools 8.55)
  - Refer to PeopleTools Compatibility and Adoption Policy for Campus Solutions 9.0 (Doc ID 1365646.1).

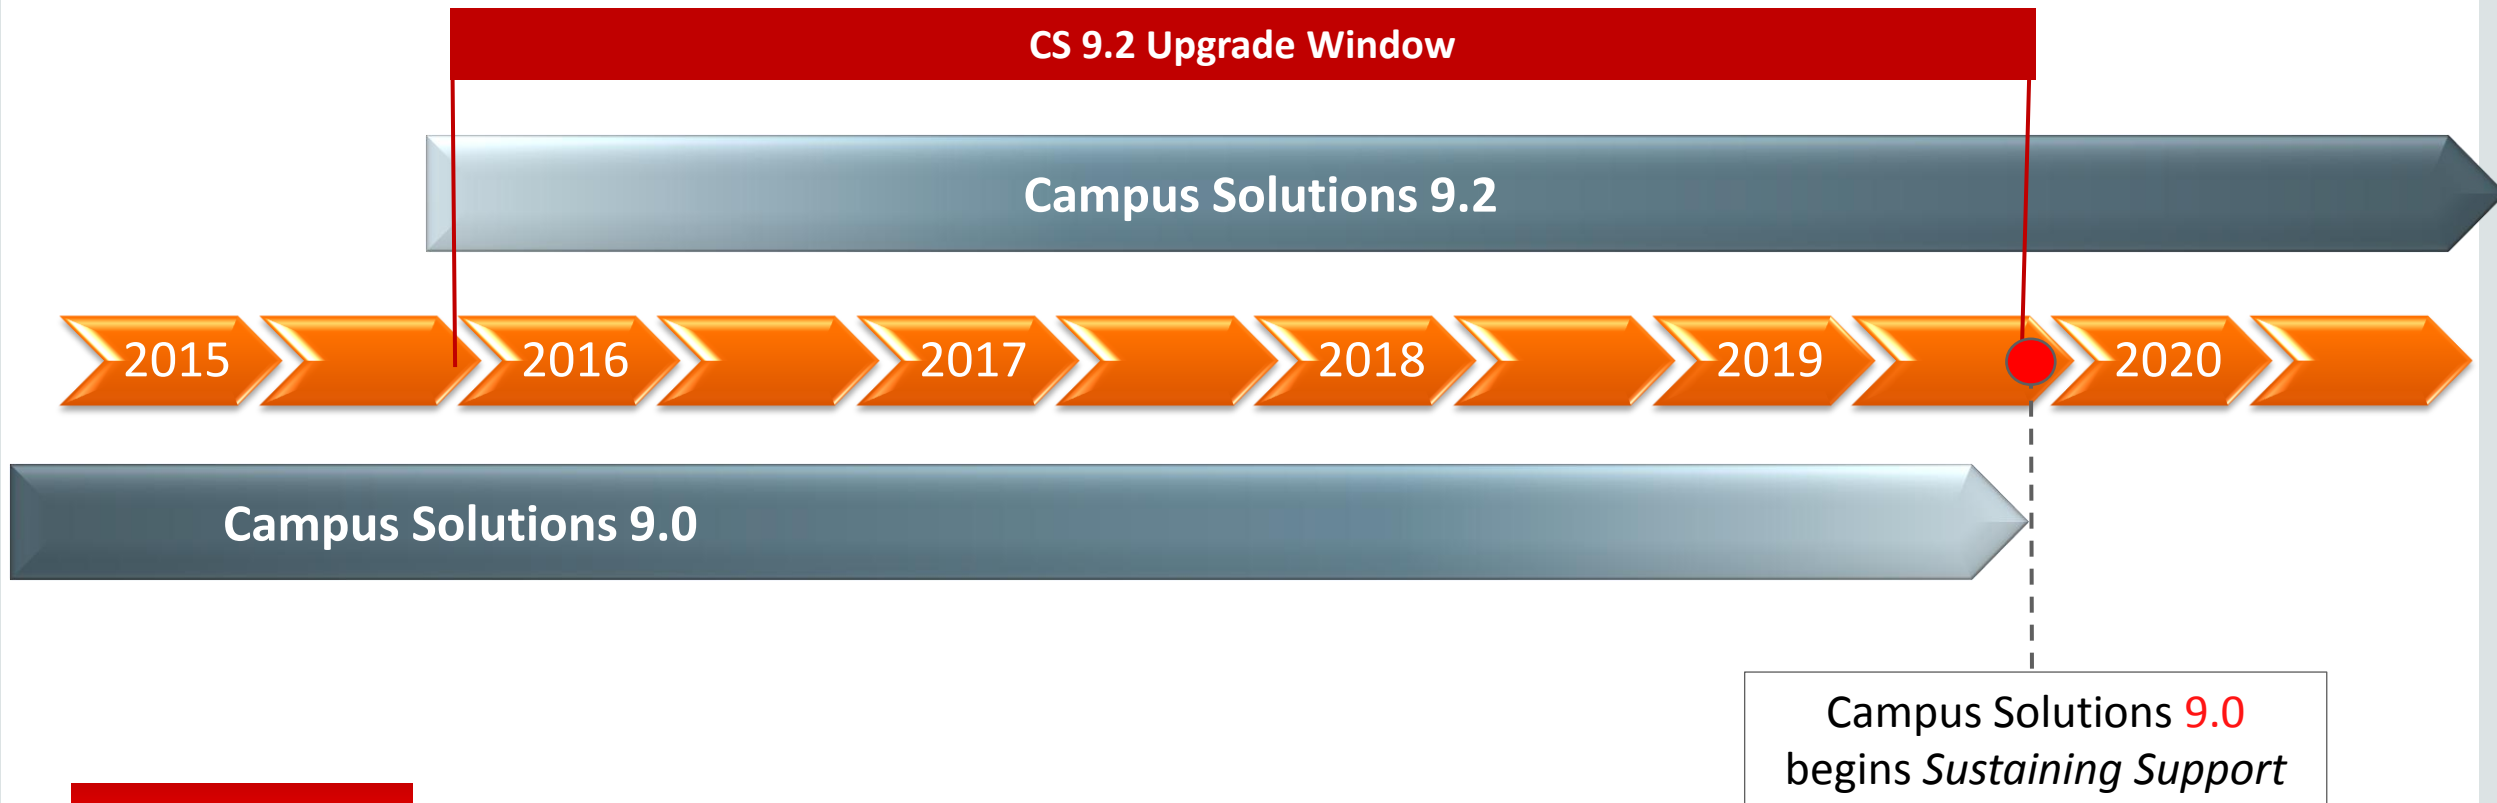

# Campus Solutions 9.0 Support

- Lifetime support policy for CS 9.0:
  - Premier Support through December 2016
  - Extended Support through December 2019
    - Additional fees for Extended Support waived for CS 9.0
    - Extended Support provides same level of support as Premier (3rd party certification limitations do not apply to CS)
  - Sustaining Support begins January 2020 and continues indefinitely
- Assuming CS 9.2 is Generally Available the second half of 2015, you have 3+ years to complete the upgrade
- Start planning now!

# Campus Solutions Timeline Summary

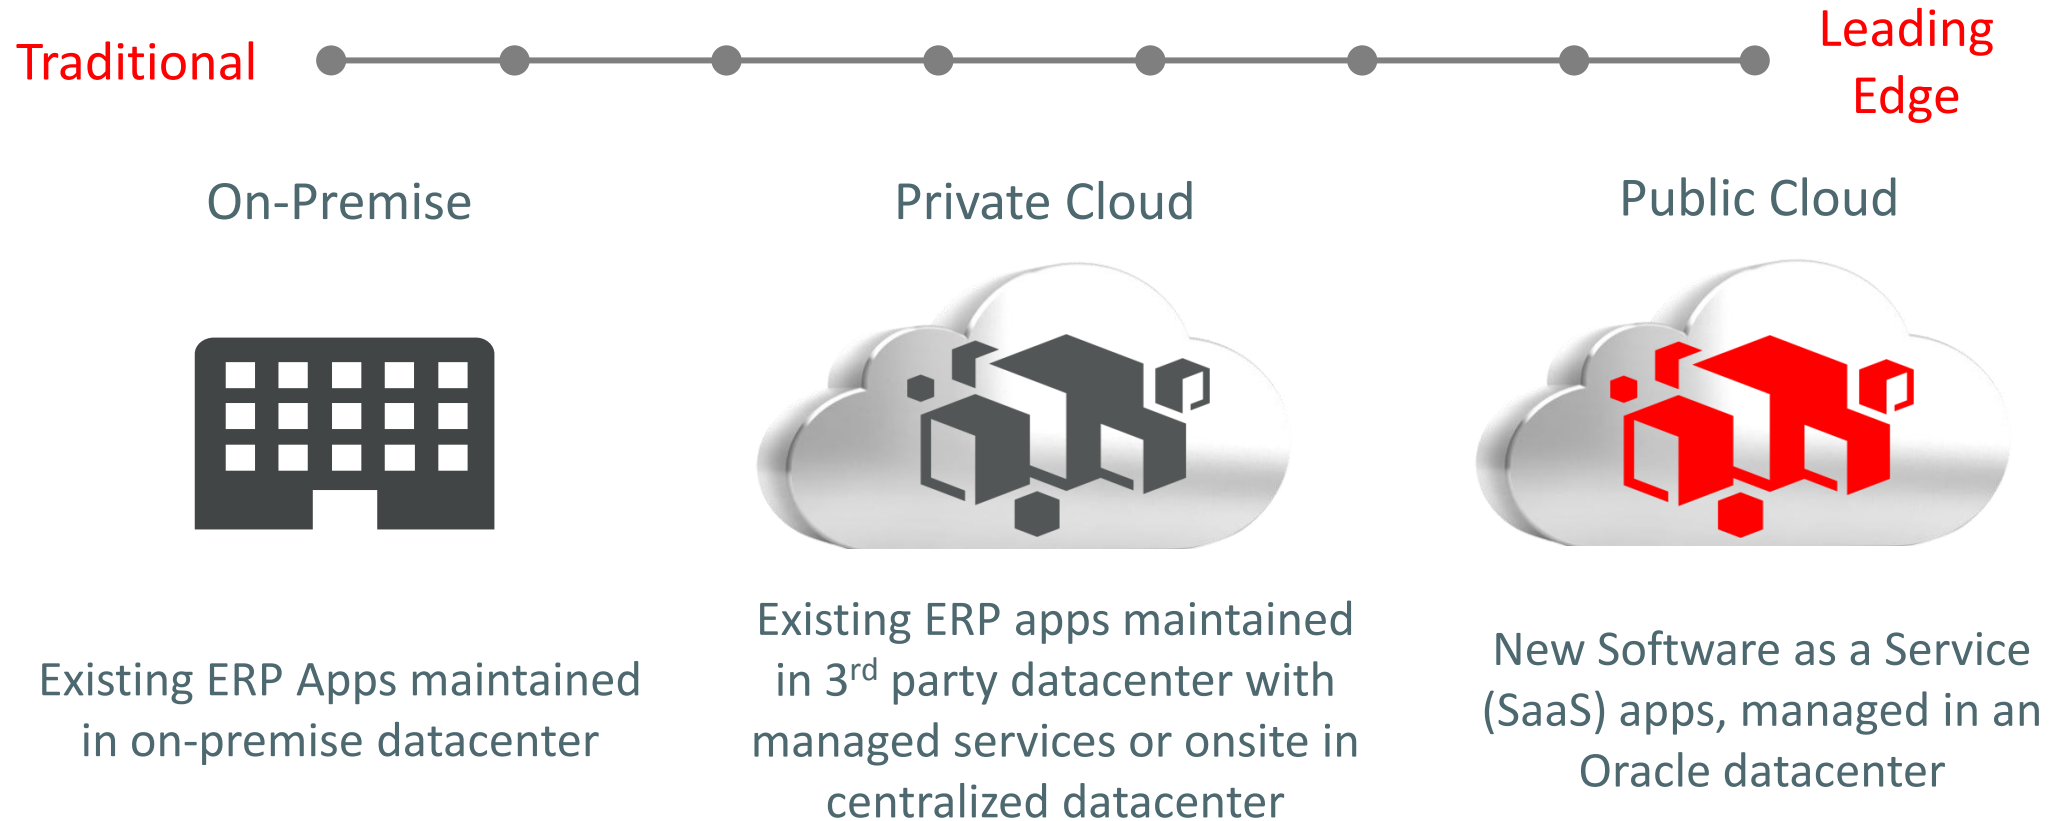

To assist in your planning

# Transition to the Cloud

# Determine the Right Path Forward for You

Oracle Managed Cloud Services  
is the on-ramp to the Cloud  
for Oracle customers.

**ORACLE®**  

---

**MANAGED CLOUD  
SERVICES**

# Key Component for Enterprise IT

## Benefits of Integrated, Global ERP Run in Managed Private Cloud

- Existing Oracle customers can get core benefits of cloud in a managed private cloud deployment
- Protection from platform obsolescence
- No investment in talent or infrastructure to build & run system
- Predictable, monthly service costs

Customer Requirements	On-Premise	Managed Private Cloud	Public Cloud (SaaS)
<b>Enterprise Software Criteria</b>			
Support for custom code extensions	●	●	○
Support for new custom reports	●	●	○
Control of update schedule	●	●	○
Control of data location	●	●	○
<b>Cloud Criteria</b>			
No investment to build & run system	○	●	●
Protection from Platform obsolescence	○	●	●
Predictable, monthly service costs	○	●	●
No license costs (no capital budget)	○	○	●

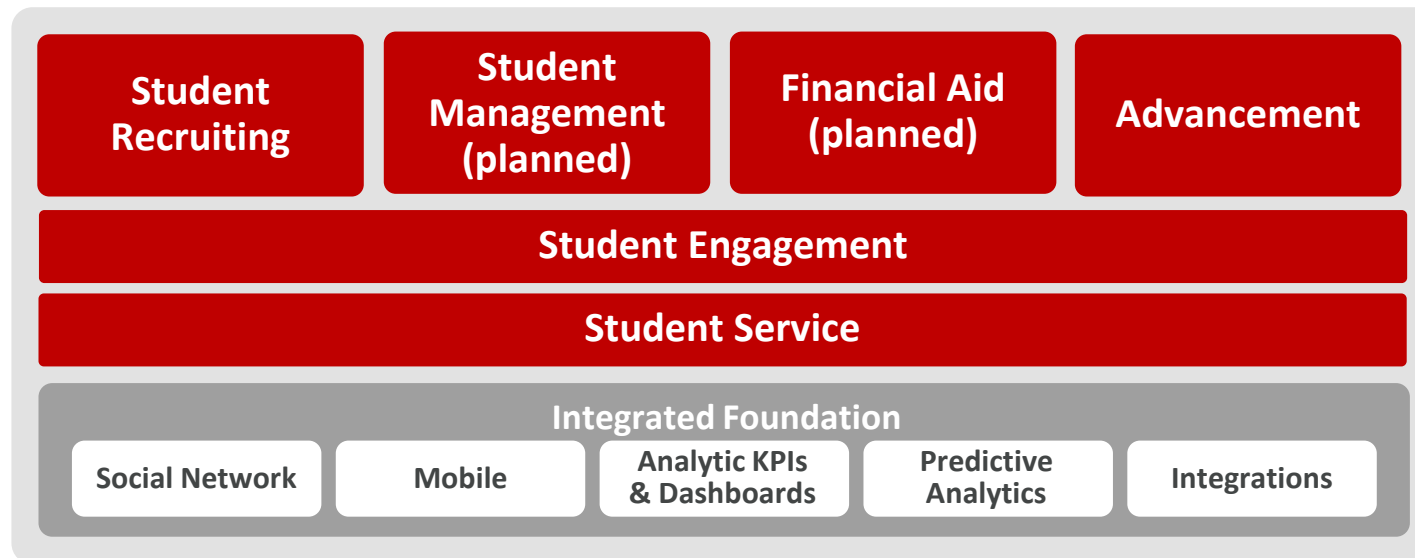

# Pathways to Modern Student

Leveraging CX Cloud Solutions to Extend the Power of Campus Solutions

# The Oracle Student Cloud

**Comprehensive suite of capabilities to manage the student lifecycle**

# Oracle Student Management & FA – *Planned Phases*

- New user provisioning
- Class setup
- Simple course/class enrollment
- Class fees and payment

- Enhanced student experience
- Simplified academic setup
- Integration to Cloud ERP, HCM and CX
- Integration to LMS

- Program structures and learning paths
- Program-based enrollment
- Tuition Calc
- Third-party sponsorships
- Assessment

- Additional enrollment controls
- Financial aid & Scholarships
- Payment plans

- Degree audit
- Cashiering
- Country localizations

**Non-credit / Continuing Ed**

**Traditional**

**Research/Complex**
