# PROJECT OVERVIEW

Lone Star College &  
Program Enrollment

# PROJECT MISSION

## TECHNOLOGY TASKFORCE

To identify student friendly existing or new technology tools needed to accomplish the following Pathways objectives:

- 1. Student planning tools based on pathway plans (and opportunities to register for entire plan)**
2. Scheduling software – both for students and for forecasting/developing schedules
3. Develop a method to warn students if they are off of their pathway plan (and blocking FA accordingly)
4. Keeping pathway plans updated and posted to the website, iStar, catalog, etc.

\*Must be student friendly and in a format they will use

# PROJECT SOLUTIONS

## GUIDED PATHWAYS

1

### Guided pathways through Program Enrollment

Encourage students to follow their program

“Program Enrollment is existing People Soft technology that when configured, appears to accomplish the mission the Technology Task Force set out to solve (in regards to student planning)”

2

### Convert Classic PE Selfservice to Fluid

Reduce steps; clear ways to get from A to B

3

### Standard PE configuration + Rules Engine

To support the full business process

4

### Enhancements answering the LSC education model

Term selector, Coursegroups, CY2 Sync Engine

# LONE STAR COLLEGE

## PLANNING & ENROLLMENT REQUIREMENTS

1

Students can plan their courses in any term (within their own timeline based on enrollment cohort)

2

Students may enroll in courses at any location – they may enroll for all offerings

# FLUID PE SELFSERVICE

## SUMMARY

-  Same “components” as classic PE: Planner + Schedule Builder  
Only 1 way to get enrolled within PE
  -  Students can enroll for multiple courses at a time  
Same as in classic PE
  -  Schedule Builder links to existing Class Search & Enroll  
But: optimizing the experience for the students (mass enrollment; enrollment summary; no activity guide)
-  Class Search & Enroll still offered as stand-alone option  
But students are encouraged to follow their guided pathways

# FUTURE ENHANCEMENTS

1

**Move progression and GPA calculation from AA to PE**  
Full progression calculation in PE

2

**Rules to identify obtained certificates**  
Based on satisfied Semesters in APT

3

**Advisor enhancements**  
Using Academic Progress Tracker today, what can we use tomorrow?
