Division 1 - HEUG Offices, Membership and Meetings

Offices

The principal office of the Corporation shall be located within or without the District of Columbia, at such place as the Board of Directors shall from time to time designate. The Corporation may maintain additional offices at such other places as the Board of Directors may designate. The Corporation shall continuously maintain within the District of Columbia a registered office at such place as may be designated by the Board of Directors.

Membership of the HEUG

Any institution of higher education that is utilizing enterprise information software, systems or services (for the management of its students, employees, and/or resources) shall be eligible for membership in the HEUG. There shall be two classes of membership in HEUG: Paid Institutional Members and Subscriber Members. Paid Institutional Members shall have full rights and privileges within the HEUG, including eligibility of their representatives to serve on the HEUG Board of Directors and on Advisory Groups. Subscriber Members shall have limited rights and privileges. Details of the rights and privileges accorded to each class of membership, and of the Institutional Membership Dues structure, shall be set out in the Standing Orders (see Division 4 below).

Paid Institutional Membership shall be available both to nonprofit and for-profit institutions of higher education. Nonprofit institutions of higher education must be exempt from Federal income taxation as organizations described in Internal Revenue Code [IRC §501(c)(3)] that are not private foundations by reason of IRC §509(a) or are the foreign equivalent thereof. For-profit institutions may compose no more than five percent of the Paid Institutional Members of the HEUG, and no more than one Board member at any one time may be a representative from a for-profit institution.

The Board may from time to time establish criteria for other classes of membership in addition to those set forth in the bylaws, and the Board shall establish procedures by which it will review and accept applications for membership.

Meetings of the HEUG Membership

1. An annual meeting of the members shall be held each year at a time and place determined by the Board of Directors, for the purpose of announcing the Board of Directors election results and for the transaction of such other business as may come before the meeting.
2. The President, the Board of Directors, or at least five percent of the Paid Institutional Members who are nonprofit institutions of higher education may call special meetings of the members.
3. Representation from ten percent (10%) of the Paid Institutional Members who are nonprofit institutions of higher education, including a majority of the Board of Directors who represent nonprofit institutions of higher education, shall constitute a quorum at any membership meeting. If a quorum is not present at any meeting of members, a majority of the representatives of Members present shall adjourn the meeting without further notice.
4. Members shall be represented by their Member Representatives, who are those individuals assigned to the Member on the HEUG Community. A member's vote on any matter that comes before themembership shall be determined by the plurality vote of the Member's Member Representatives.
5. Roberts Rules of Order shall govern parliamentary procedure except when otherwise specified by

these bylaws. A motion to enforce strict parliamentary procedure must be adopted by majority vote of the members. The general policy shall be to avoid the complexities of parliamentary procedure until such time as the issues have been clarified to the point where a definite motion can be clearly debated as a choice between a few alternatives.

6. Members must be informed concerning the business to be transacted in order to avoid unnecessary delays. For the same reason, those representing Members who intend to submit proposals must send the proposal to the Secretary for distribution to the members, the wording of and written information concerning their proposals at least thirty days in advance of the meeting. Members who neglect to carefully study such information should disqualify themselves from commenting at the meeting.

Policy

As a Non-Profit 501(c)(3) Corporation, Higher Education User Group (HEUG) Board Members and others acting on behalf or at the direction of the board must adhere to a specific set of standards mandated by the Internal Revenue Agency and documented herein. These rules protect the HEUG and the Directors who are in a position to make recommendations on large contracts including (but not limited) to administrative support service contracts, conference venue selection, and conference service and support contracts. This policy is not intended to supersede or replace any Conflict of Interest or Outside Activities Disclosure policy HEUG Board members may be subject to at their home institutions. Rather, this policy governs their relationships with outside entities in their capacity as board members.

Purpose

The purpose of this conflict of interest policy is to protect the HEUG's interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the corporation or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Definitions

Interested Person - Any director, officer, or member of a committee with powers delegated by the board, who has a direct or indirect financial interest, as defined below, is an interested person.

Financial Interest - A person has a financial interest if the person has, or has a family member who has directly or indirectly, through business or investment:

1. An ownership or investment interest in any entity with which the corporation has a transaction or arrangement.
2. A compensation arrangement with the corporation or with any entity or individual with which the corporation has a transaction or arrangement.
3. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the corporation may be negotiating a transaction or arrangement.

Compensation includes but is not limited to direct and indirect remuneration as well as gifts or favors greater than \$100 or that are not insubstantial. A financial interest is not necessarily a conflict of interest. Under Section 3 below (Procedures for Addressing the Conflict of Interest), a person who has a financial interest may have a conflict of interest only if the board or committee decides that a conflict of interest exists.

Procedures

Duty to Disclose - In connection with any actual or potential conflict of interest, an interested person must disclose, within 30 days, the existence of the financial interest **valued at \$25** or above by filing the Vendor Disclosure Report via email to board@heug.org, and be given the opportunity to disclose all material facts to the board and committees considering the proposed transaction or arrangement.

Determining Whether a Conflict of Interest Exists - After disclosure of the financial interest and all material facts, including any discussion with the interested person, s/he shall leave the board or committee meeting while the remaining members determine if a conflict of interest exists. The determination of a conflict of interest is discussed and voted upon by the remaining board or committee members.

Procedures for Addressing the Conflict of Interest - Any interested person may make a presentation at the board or committee meeting, but after the presentation, s/he shall leave the meeting during the discussion of, and the vote upon, the transaction or arrangement involving the potential conflict of interest.

1. The board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
2. After exercising due diligence, the board or committee shall determine whether the corporation can obtain with reasonable effort a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
3. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the board or committee shall determine by a majority vote of the disinterested directors or members whether the transaction or arrangement is in the corporation's best interest and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

Violations of the Conflict of Interest Policy

1. If the board or committee has reasonable cause to believe an individual has failed to disclose actual or potential conflict of interest, it shall inform the individual of the basis for such belief and afford the individual an opportunity to explain the alleged failure to disclose.
2. If, after hearing the individual's response and after making further investigation as warranted by the circumstances, the governing board or committee determines that the individual has failed to disclose an actual or potential conflict of interest, it shall take appropriate disciplinary and corrective action.

Records of Proceedings

The minutes of the board and committees shall contain:

1. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or potential conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the board or committee's decision as to whether a conflict of interest in fact existed.
2. The names of the persons who were present for discussion relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

Compensation

1. A member of the board or committee who receives compensation, directly or indirectly, from the corporation for services is precluded from voting on matters pertaining to that individual's compensation.
2. No voting member of the board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the corporation, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

Annual Statements

1. Each director, officer and member of a committee shall annually sign a statement which affirms that such person:
2. Has received a copy of the conflict of interest policy.
3. Has read and understands the policy.
4. Has agreed to comply with the policy.
5. Understands that the corporation is charitable and in order to maintain its federal tax exemption must engage primarily in activities that accomplish one or more of its tax-exempt purposes.

Periodic Reviews

To ensure that the corporation operates in a manner consistent with its tax-exempt purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

1. Whether compensation arrangements and benefits are reasonable, based on competent survey information, and the result of arms' length bargaining.
2. Whether partnerships, joint ventures, and arrangements with management organizations, if any, conform to the corporation's written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes, and do not result in prohibited private inurement, impermissible private benefit, or in an excess benefit transaction.

Use of Outside Experts

When conducting the periodic reviews as provided for hereinabove, the corporation may use outside experts. If outside experts are used, their use shall not relieve the board of its responsibility for ensuring that periodic reviews are conducted.

Division 9- Miscellaneous

Amendments

These bylaws may be amended by a majority vote of the Board of Directors. Proposed amendments may be submitted by any member of the Board of Directors, or by petition of the member representatives to the Board of Directors.

Disclaimer

The HEUG shall not be responsible for information of any member that is considered to be proprietary or confidential and subsequent disclosure to others by the HEUG or any of its members shall not impose any liability on the HEUG, officer, or its members.

Indemnification

If it is found by a majority of the directors to be in the best interest of this corporation, and to the extent permitted by law, the corporation may indemnify any director or officer or former director or officer of the corporation against defense of any action, suit, or proceeding in which he is made a party by reason of being or having been such director or officer, except in relation to matters as to which he shall be adjudged in such action, suit, or proceeding to be liable for negligence or misconduct in the performance of a duty. The foregoing power to indemnify shall not be deemed exclusive of any other rights to which such director or officer may be entitled under any agreement, vote of the board, or otherwise.
